4. Interpretation: Oxford Learning Center is asking to be considered an allowed use in the Neighborhood Commercial (C-1) Zoning District.

James Secord spoke summarizing what the Oxford Learning Center is.

Rick Sprague summarized his staff report dated August 19, 2005.

James Secord mentioned that they will need a child care license from the State of Michigan for their reading program. He stated that they do not intend to operate a daycare but due to a technicality, the age and how long the kids will be at the program, they are required to obtain a license. Mr. Sprague indicated that this was new information and it may require Special Land Use approval which would be handled as a separate request at a future meeting.

David VanDyke, seconded by Edward Robinette, moved to determine that a learning/tutoring center does primarily serve a neighborhood and is similar in character to other permitted used in the C-1 Zone District. Motion passed unanimously.
