

If you've always wanted to connect to public water and sewer, **NOW** is the time! The City of Grand Rapids has made it easier and more affordable than ever before to connect to public water and sewer.

**Grand Rapids Charter Township** has been selected as one of the communities who can connect to Public Water and Sewer for a limited time for an **additional savings!**

By connecting to public water and sewer, your water will be:

- Safer
- Higher quality
- More reliable
- And more affordable than ever!

The peace of mind you get from turning on your faucet and knowing that the water that comes out is reliable and safe is simply irreplaceable.
